REQUIRED COMMUNICATIONS BY THE AUDITOR TO THOSE CHARGED WITH GOVERNANCE
MANAGEMENT REPRESENTATIONS
To the Honorable President and Members
of the Board of Health
DuPage County Health Department
Wheaton, Illinois

Thank you for using Baker Tilly Virchow Krause, LLP as your auditor.

We have completed our audit of the financial statements of the DuPage County Health Department (Department) for the year ended November 30, 2014 and have issued our report thereon dated May 12, 2015. This letter presents communications required by our professional standards.

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America, Government Auditing Standards and OMB Circular A-133

The objective of a financial statement audit is the expression of an opinion on the financial statements. We conducted the audit in accordance with auditing standards generally accepted in the United States of America, Government Auditing Standards and OMB Circular A-133. These standards require that we plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements prepared by management with your oversight are free of material misstatement, whether caused by error or fraud. Our audit included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit does not relieve management or (the Board) of their responsibilities.

We considered the Department’s internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Department’s internal control over financial reporting. We also considered internal control over compliance with types of requirements that could have a direct and material effect on a major federal program to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for a major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.
Honorable President and Members
of the Board of Health
DuPage County, Illinois

As part of obtaining reasonable assurance about whether Department’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also, in accordance with OMB Circular A-133, we examined, on a test basis, evidence about Department’s compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of its major federal programs for the purpose of expressing an opinion on Department’s compliance with those requirements. While our audit provides a reasonable basis for our opinion on compliance, it does not provide a legal determination on Department’s compliance with those requirements.

We have issued a separate document which contains the results of our audit procedures to comply with OMB Circular A-133.

OTHER INFORMATION IN DOCUMENTS CONTAINING AUDITED FINANCIAL STATEMENTS

Our responsibility does not extend beyond the audited financial statements identified in this report. We do not have any obligation to and have not performed any procedures to corroborate other information contained in client prepared documents, such as official statements related to debt issues.

PLANNED SCOPE AND TIMING OF THE AUDIT

We performed the audit according to the planned scope and timing previously communicated to you in our communication dated May 21, 2014.

QUALITATIVE ASPECTS OF THE ENTITY’S SIGNIFICANT ACCOUNTING PRACTICES

Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Department are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2014. We noted no transactions entered into by the Department during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Allowances on patient accounts receivable balances are estimated based on management judgment, past reimbursement history, contracts with third party payors or rates established by government payors, as applicable.

Financial Statement Disclosures

The disclosures in the financial statements are neutral, consistent, and clear.

DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

We encountered no significant difficulties in dealing with management in performing our audit.
QUALITATIVE ASPECTS OF THE ENTITY’S SIGNIFICANT ACCOUNTING PRACTICES (cont.)

CORRECTED AND UNCORRECTED MISSTATEMENTS

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

A summary of uncorrected financial statement misstatements follows this required communication. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

DISAGREEMENTS WITH MANAGEMENT

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditor’s report. We are pleased to report that no such disagreements arose during the course of our audit.

CONSULTATIONS WITH OTHER INDEPENDENT ACCOUNTANTS

In some cases, management may decide to consult with other accountants about auditing and accounting matters. If a consultation involves application of an accounting principle to the governmental unit’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

MANAGEMENT REPRESENTATIONS

We have requested certain representations from management that are included in the management representation letter. This letter follows this required communication.

INDEPENDENCE

We are not aware of any relationships between Baker Tilly Virchow Krause, LLP and the Department that, in our professional judgment, may reasonably be thought to bear on our independence.

Relating to our audit of the financial statements of for the year ended November 30, 2014, Baker Tilly Virchow Krause, LLP hereby confirms that we are, in our professional judgment, independent with respect to the Department in accordance with the Code of Professional Conduct issued by the American Institute of Certified Public Accountants. We provided no services to the Department other than audit services provided in connection with the audit of the current year’s financial statements and nonaudit services which in our judgment do not impair our independence.

> Financial statement preparation
> Adjusting journal entries
> Trial balance formatting from general ledger data

None of these nonaudit services constitute an audit under generally accepted auditing standards, including Government Auditing Standards.
OTHER AUDIT FINDINGS OR ISSUES

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Department's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

OTHER MATTERS

We applied certain limited procedures to the required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the supplementary information which accompanies the financial statements but is not RSI. With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

RESTRICTION ON USE

This information is intended solely for the use of the DuPage County Health Board and management and is not intended to be, and should not be, used by anyone other than these specified parties.

We welcome the opportunity to discuss the information included in this letter and any other matters. Thank you for allowing us to serve you.

Oak Brook, Illinois
May 12, 2015
REQUIRED COMMUNICATION OF INTERNAL CONTROL RELATED MATTERS IDENTIFIED IN THE AUDIT TO THOSE CHARGED WITH GOVERNANCE
To the Honorable President and Members
of the Board of Health
DuPage County Health Department
Wheaton, Illinois

In planning and performing our audit of the financial statements of the DuPage County Health Department, Illinois (Department) as of and for the year ended November 30, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered its internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of its internal control. Accordingly, we do not express an opinion on the effectiveness of its internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

This communication is intended solely for the information and use of management, the Board, and other within the organization and is not intended to be, and should not be, used by anyone other than these specified parties.

Oak Brook, Illinois

OTHER COMMUNICATIONS TO THOSE CHARGED WITH GOVERNANCE
TWO WAY COMMUNICATION REGARDING YOUR AUDIT

As part of our audit of your financial statements, we are providing communications to you throughout the audit process. Auditing requirements provide for two-way communication and are important in assisting the auditor and you with more information relevant to the audit.

As this past audit is concluded, we use what we have learned to begin the planning process for next year’s audit. It is important that you understand the following points about the scope and timing of our next audit:

a. We address the significant risks of material misstatement, whether due to fraud or error, through our detailed audit procedures.

b. We will obtain an understanding of the five components of internal control sufficient to assess the risk of material misstatement of the financial statements whether due to error or fraud, and to design the nature, timing, and extent of further audit procedures. We will obtain a sufficient understanding by performing risk assessment procedures to evaluate the design of controls relevant to an audit of financial statements and to determine whether they have been implemented. We will use such knowledge to:

   > Identify types of potential misstatements.
   > Consider factors that affect the risks of material misstatement.
   > Design tests of controls, when applicable, and substantive procedures.

We will not express an opinion on the effectiveness of internal control over financial reporting or compliance with laws, regulations, and provisions of contracts or grant programs. For audits done in accordance with Government Auditing Standards, our report will include a paragraph that states that the purpose of the report is solely to describe the scope of testing of internal control over financial reporting and compliance and the result of that testing and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance and that the report is an integral part of an audit performed in accordance with Government Auditing Standards in considering internal control over financial reporting and compliance. The paragraph will also state that the report is not suitable for any other purpose.

c. The concept of materiality recognizes that some matters, either individually or in the aggregate, are important for fair presentation of financial statements in conformity with generally accepted accounting principles while other matters are not important. In performing the audit, we are concerned with matters that, either individually or in the aggregate, could be material to the financial statements. Our responsibility is to plan and perform the audit to obtain reasonable assurance that material misstatements, whether caused by errors or fraud, are detected.

d. We address the significant risks of material noncompliance, whether due to fraud or error, through our detailed audit procedures.

e. We will obtain an understanding of the five components of internal control sufficient to assess the risk of material noncompliance related to the federal awards whether due to error or fraud, and to design the nature, timing, and extent of further audit procedures. We will obtain a sufficient understanding by performing risk assessment procedures to evaluate the design of controls relevant to an audit of the federal awards and to determine whether they have been implemented. We will use such knowledge to:

   > Identify types of potential noncompliance.
   > Consider factors that affect the risks of material noncompliance.
   > Design tests of controls, when applicable, and other audit procedures.
TWO WAY COMMUNICATION REGARDING YOUR AUDIT (cont.)

Our audit will be performed in accordance with U.S. generally accepted auditing standards, Government Auditing Standards and OMB Circular A-133.

We will not express an opinion on the effectiveness of internal control over financial reporting or compliance with laws, regulations, and provisions of contracts or grant programs. For audits done in accordance with Government Auditing Standards and OMB Circular A-133, our report will include a paragraph that states that the purpose of the report is solely to describe (a) the scope of testing of internal control over financial reporting and compliance and the result of that testing and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance, (b) the scope of testing internal control over compliance for major programs and major program compliance and the result of that testing and to provide an opinion on compliance but not to provide an opinion on the effectiveness of internal control over compliance and, (c) that the report is an integral part of an audit performed in accordance with Government Auditing Standards in considering internal control over financial reporting and compliance and in accordance with OMB Circular A-133 in considering internal control over compliance and major program compliance. The paragraph will also state that the report is not suitable for any other purpose.

f. The concept of materiality recognizes that some matters, either individually or in the aggregate, are important for reporting material noncompliance while other matters are not important. In performing the audit, we are concerned with matters that, either individually or in the aggregate, could be material to the entity’s federal awards. Our responsibility is to plan and perform the audit to obtain reasonable assurance that material noncompliance, whether caused by error or fraud, is detected.

We are very interested in your views regarding certain matters. Those matters are listed here:

a. We typically will communicate with your top level of management unless you tell us otherwise.

b. We understand that the Department and Health Board have the responsibility to oversee the strategic direction of your organization, as well as the overall accountability of the entity. Management has the responsibility for achieving the objectives of the entity.

c. We need to know your views about your organization’s objectives and strategies, and the related business risks that may result in material misstatements.

d. Which matters do you consider warrant particular attention during the audit, and are there any areas where you request additional procedures to be undertaken?

e. Have you had any significant communications with regulators or grantor agencies?

f. Are there other matters that you believe are relevant to the audit of the financial statements or the federal awards?

Also, is there anything that we need to know about the attitudes, awareness, and actions of the Department concerning:

a. The Department’s internal control and its importance in the entity, including how those charged with governance oversee the effectiveness of internal control?

b. The detection or the possibility of fraud?
TWO WAY COMMUNICATION REGARDING YOUR AUDIT (cont.)

We also need to know if you have taken actions in response to developments in financial reporting, laws, accounting standards, governance practices, or other related matters, or in response to previous communications with us.

With regard to the timing of our audit, here is some general information. We will perform preliminary financial audit work during early January. Our final financial and single audit fieldwork is scheduled during the winter to best coincide with your readiness and report deadlines. After fieldwork, we wrap up our financial and single audit procedures at our office and issue drafts of our reports for your review. Final copies of our reports and other communications are issued after approval by your staff. This is typically 6-12 weeks after final fieldwork, but may vary depending on a number of factors.

Keep in mind that while this communication may assist us with planning the scope and timing of the audit, it does not change the auditor’s sole responsibility to determine the overall audit strategy and the audit plan, including the nature, timing, and extent of procedures necessary to obtain sufficient appropriate audit evidence.

We realize that you may have questions or wish to provide other feedback. We welcome the opportunity to talk with you.
COMMUNICATION OF INFORMATIONAL POINTS TO MANAGEMENT
OMB Issues Grant Reform Rules

The U.S. Office of Management and Budget (OMB) recently issued comprehensive grant reform rules titled "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards." The new requirements consolidate what was previously in eight separate OMB Circulars into a new document being referred to as the "super circular" or "omni-circular".

Some of the most significant changes to the administrative requirements include a heightened focus on program performance results, use of technology, standardization of grant documents, and coordinated oversight. The cost principles consolidation includes changes to the definitions of direct and indirect costs, a provision for a de minimis indirect cost rate of 10%, changes to payroll time and effort reporting requirements, and some changes to the allowability of selected cost items. The new rules are expected to be implemented by federal agencies, and pushed out to grant recipients, over the upcoming year.

The reform raises the threshold for a single audit to $750,000, and also includes some changes to program risk assessments, audit coverage, and reporting of findings. These changes will affect your financial statements for the year ended November 30, 2016.

<tbody>
<tr>
<td>GASB No. 68 – Accounting and Financial Reporting for Pensions</td>
<td>November 30, 2015</td>
<td>The System belongs to the Illinois Municipal Retirement Fund (IMRF). IMRF is an agent, multiple-employer, defined-benefit, public employee retirement system. IMRF has represented that it will provide the information necessary for the employers to implement GASB No. 68. The System's share of the County's net pension liability/asset will be reported in its statement of net position. The footnote disclosures will have significant changes.</td>
</tr>
<tr>
<td>GASB No. 71 – Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB No. 68</td>
<td>November 30, 2015</td>
<td>The requirements of this Statement will eliminate the source of a potential significant understatement of restated beginning net position and expense in the first year of implementation of GASB No. 68 in the accrual-basis financial statements of the System. This will be addressed along with the implementation of GASB No. 68.</td>
</tr>
<tr>
<td>GASB No. 72 – Fair Value Measurement and Application</td>
<td>November 30, 2017</td>
<td>The requirements of this Statement will enhance comparability of financial statements among governments by requiring measurement of certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and accepted valuation techniques. This Statement also will enhance fair value application guidance and related disclosures in order to provide information to financial statement users about the impact of fair value measurements on the System's financial position. We will work with the System to identify the potential impact of this standard and implement as necessary.</td>
</tr>
<tr>
<td>Current Agenda Topic: Conceptual Framework - Measurement</td>
<td>The GASB Board is scheduled to issue a final Concepts Statement in March 2014</td>
<td>The objective of this project is to consider the measurement concepts that should be used in governmental financial statements. A measurement approach determines whether an asset or liability presented in a financial statement should be (1) reported at an amount that reflects a value at the date that the asset was acquired or the liability was incurred or (2) remeasured and reported at an amount that reflects a value at the date of the financial statements.</td>
</tr>
<tr>
<td>Current Agenda Project: Fiduciary Responsibilities</td>
<td>The GASB Board is expected to issue an Exposure Draft in October 2015</td>
<td>This project is to assess what additional guidance should be developed regarding the application of the fiduciary responsibility criteria in deciding whether and how governments should report fiduciary activities in their financial reports.</td>
</tr>
<tr>
<td>Current Agenda Project: Leases</td>
<td>The GASB Board is scheduled to issue an Exposure Draft in January 2016</td>
<td>The objective of this project is to re-examine issues associated with lease accounting, consider improvements to existing guidance, and provide a basis for the GASB Board to consider whether the current guidance is appropriate based on the definitions of assets and liabilities.</td>

<td>The GASB Board is expected to issue an Exposure Draft in June 2015</td>
<td>The objective of this project is to improve financial reporting by external investment pools and pool participants that report positions in investment pools.</td>
</tr>
<tr>
<td>Current Agenda Project: Irrevocable Charitable Trusts</td>
<td>The GASB Board is expected to issue an Exposure Draft in May 2015</td>
<td>The objective of this project is to determine what accounting and financial reporting guidance, if any, should be established for irrevocable charitable trusts held for the benefit of governmental entities.</td>
</tr>
<tr>
<td>Current Agenda Project: Tax abatement Disclosures</td>
<td>Proposed effective date – December 31, 2016 (Exposure Draft issued in October 2014)</td>
<td>The objective of this project is to determine what disclosure guidance for governments that have granted tax abatements, if any, are essential to financial statement users.</td>
</tr>
</tbody>
</table>

The GASB has two other projects which are on hold. They include the conceptual framework for recognition and economic condition reporting — financial projections.

The GASB revisits GASB standards ten (10) years after issuance. The GASB is currently revisiting GASB Statement No. 34, Basic Financial Statements — and Management’s Discussion and Analysis for State and Local Governments, as well as reporting model-related pronouncements including Statements No. 37, Basic Financial Statements — and Management’s Discussion and Analysis for State and Local Governments; Omnibus, No. 41, Budgetary Comparison Schedules — Perspective Differences, and No. 46, Net Assets Restricted by Enabling Legislation, and Interpretation No. 6, Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements. The GASB has indicated that they are revisiting the following major provisions of these standards: management’s discussion and analysis, government-wide financial statements, fund financial statements, capital asset reporting, budgetary comparisons, special purpose government reporting, and related notes to financial statements. We will share updates with you as they become available.

A full list of projects as well as many resources is available on GASB’s website which is located at www.gasb.org.
