Public Present:	

CALL TO ORDER: The March 11, 2021 meeting of the Board Health was called to order at 6:18PM. Eleven members were present. Quorum was met. The meeting was conducted by ZOOM meeting and public live streaming due to the COVID-19 pandemic. President Tornatore read into the minutes the following:

Pursuant to Executive Order 2020-07 (2019 IL EO 20-07), issued March 16, 2020, during the duration of the COVID-19 Gubernatorial Disaster Proclamation, the provisions of the Open Meetings Act, 5 ILCS 120, requiring or relating to in-person attendance by members of a public body are suspended. Specifically, the conditions in 5 ILCS 120/7 limiting when remote participation is permitted are suspended.

The DuPage County Health Department is the lead agency for DuPage County in response to the global pandemic and as such is currently closed to the public except by appointment, in adherence to public health guidelines and for the protection and safety of the public and staff.

Tonight's meeting is being conducted remotely and is being livestreamed for the public's viewing on the agency's You Tube channel which can be accessed at the live stream link on the Health Department's website. Members of the public had the opportunity to submit written comments in advance of the meeting. The method for public participation is publicized on the Health Department's website. Public comments will be read and recorded in compliance with the Open Meetings act.

2. PUBLIC COMMENT

A copy of the public comments can be found at the end of the minutes.

3. PRESIDENT'S REMARKS

President Tornatore welcomed everyone and shared the following comments.

- President Tornatore welcomed the Paula Deacon- Garcia as the newest appointed board member to the Board of Health. Ms. Garcia serves as a County Board member and represents District 2.
- The Health Department has received a 5-year reaccreditation from the Public Health Accreditation Board. The DuPage County Health Department was one of the first health departments in Illinois to receive this status 5 years ago.
- Oak Brook Terrace is the final municipality to join the DuPage Narcan program. There is now 100% participation from all municipalities.
- President Tornatore shared that he continues to support the Health Department's efforts along with DuPage County Board Chairman, Dan Cronin, in advocating to bring more COVID-19 vaccinations to DuPage County.
- The April Board of Health meeting will provide an in-person attendance option for Board members.
- In recognition of the economic impact that the on-going COVID-10 pandemic has had on the nearly 4,000 food establishments in DuPage County this past year, a temporary/one-time 50% reduction to all FY 2021 annual food establishment permit fees will be applied. While this reduction may not be substantial in terms of dollars and cents to each establishment, it does communicate the message that the Board and the Health Department understand how challenging this past year has been for the owners, operators, and employees of those businesses.
- Tonight's agenda will also include an amendment to the Board of Health Rules of Governance addressing the item of public comment.
- President Tornatore thanked Lisa Smith who heads the Civil Division at the State's Attorney's office for her continued assistance with multiple Health Department requests.

4. PUBLIC HEALTH UPDATES

Executive Director Ayala provided an update on the agency's COVID-19 response as well as update on the agency's vaccine distribution efforts including prioritizations, approved vaccine locations/providers, allocation process, demographics by doses, vaccine capacity and challenges with the limited vaccines available for distribution. Director Ayala also shared information on the new vaccine registration system upgrade which will allow the Health Department the ability

to gather additional information from registrants to help facilitate and track those who have a scheduled an appointment more efficiently.

Director Ayala addressed questions on the lack of vaccine being distributed to DuPage County. Ms. Ayala shared that members can reach out to state legislators to advocate on behalf of the county to the Illinois Department of Health and the Governor's office.

A copy of the PowerPoint is posted with the minutes.

Director Ayala addressed the question of when the Health Department is planning to update school guidance based on the Center for Disease Control and Prevention's (CDC) recent recommendations for schools. Director Ayala shared that the Illinois Department of Health and Illinois State Board of Education updated recommendations includes information from the CDC as well as including recommendations from the American Academy of Pediatrics and the World Health Organization. The DuPage County Health Department remains in a consultative role with the locals schools, providing public health guidance and tools for mitigation strategies, but the decision on school reopening's remains with school leadership, where the authority lies.

March 11, 2021 PUBLIC COMMENTS

First Name	Last Name	Comment
V	K	Its unbelievable that DuPage County Health Officials are preventing those with critical illnesses to get vaccinated. 87% of those who died in the county's own statistics had critical illnesses. Many places and countries are being fair to inoculate first doses delaying the second dose thus allowing more people to get their first dose. I wonder how many in this committee have not been vaccinated or have family members not vaccinated.
Bruce	Waldersen	I just went to try to register for a covid shot at the United Center which is advertised as a mass vaccination center. I was surprised to see that they would not take eligible applicants outside of Cook County. So,,, why are covid registrations being taken in Dupage County for people living in Cook County ??
Joan	Park	I am an emergency physician for 20 years . I have treated patients with Covid -19 for one year now. That being said , we need our schools open full time 5 days a week now. Our knowledge pertaining to this pandemic between March 2020 and March 2021 has significantly changed . The majority of people under the age 55 and of course school aged children have minimal risk from this disease . Schools have been open all over the country since August. We want to hear the plan and there has been literature coming out all the time emphasizing that in person learning is what needs to happen now for a number of reasons for our kids. Schools are not super spreading environments. This has been written and stated over and over . With mitigation strategies we don't need the 6 foot distancing rule that repeatedly is used as an excuse to not let the kids back in . Please do what's right for our children . Thank you Joan Park

Jaime	Jorstad	I am a mom to a kinder a sixth grader and a junior in district 203. I strongly encourage you to help us get our kids back in full time. My children are already doing better since hybrid started j can't imagine where they could go academically and emotionally if we could go back full time. I was able to get my vaccine thru the county site and I have made it my mission to help all my kids teachers their vaccine since you guys are not making them a priority.
Jenny	George	Dear Board of Health, Please update your guidance to conform to IDPH as soon as possible and remove any arbitrary metrics based on cases and positivity rate. If you want to continue to use metrics, they should be based on instances of severe disease that require hospitalization. You have put the burden of controlling community spread on our schools and children while allowing every other business to open. We must get our schools open as soon as possible and your guidance is keeping that from happening. Thank you, Jenny George
