PROTECT YOURSELF, FRIENDS AND FAMILY
Cover your mouth and nose with a mask when around others.
You could spread COVID-19 to others even if you do not feel sick.

1. The mask is meant to protect other people in case you are infected.

Everyone should wear a mask in public settings and when around people who don’t live in your household.

Continue to keep at least 6 feet between yourself and others. THE MASK IS NOT A SUBSTITUTE FOR SOCIAL DISTANCING.
