Media Alert: Daily COVID-19 Case Counts* for DuPage County

Coronavirus Disease 2019 (COVID-19) Case Counts* in DuPage County, 2020
Total cases in DuPage County residents
30,594, including 640 deaths

*Data are provisional as of 8:00 am 11/11/2020 and subject to change.

NOTE: Due to delays with the Illinois Department of Public Health (IDPH) reporting system used by local health departments, today's reported data are incomplete. The current number of confirmed cases and deaths in DuPage County are available at the IDPH website here: <https://www.dph.illinois.gov/covid19/covid19-statistics>.

DuPage County Health Department (DCHD) recognizes that the COVID-19 Dashboard is an important tool for decision making and many within the community rely on these data. DCHD is working with IDPH to provide up-to-date information.

The DuPage County Health Department provides further information on our data dashboard for COVID-19-related cases by age group, hospitalizations, deaths, lab positivity, outbreak-associated counts by municipality and community transmission level.

Information is also available for COVID-19 cases and deaths among DuPage County residents by race, ethnicity, severity, long-term care facility outcomes, underlying medical conditions, doubling time, recovery rate, and outbreaks by setting. Visit the DuPage County COVID-19 Dashboard at www.dupagehealth.org/covid19data.

Individual long-term care facility outbreak updates are provided on the Illinois Department of Public Health website.

Since yesterday, there are 639 new cases of COVID-19 in DuPage County with one death of a person with COVID-19 infection reported:

- 1 female 80s

DuPage County Health Department offers our condolences to the family, friends and caregivers of this individual. We remain committed to address the unfortunate loss of life related to COVID-19. Our

**STAY SAFE
DUPAGE**

efforts continue with healthcare and community partners to reduce the spread of COVID-19 in DuPage County.
